Discussion centered on ways the district could continue to grow and improve as well as how to save money.

Topics discussed included technology, curriculum, class offerings, and continuing to analyze staff, certified and non-certified, to become more efficient.

McKinney reiterated that this was a brain-storming session and the Board would continue to have these discussions. Once the Board has developed its plan, he would like to see the school staff as well as the community brought into the discussions for their input.

A motion was made by McQueen, seconded by Clifton to adjourn. Upon voice vote, all members present voted aye. Motion Carried.
